# John Doe

Hyderabad, Telangana | 012345678 | [john doe@gmail.com](mailto:john doe@gmail.com)

## SKILLS

- **Programming Languages**: C, Java, Python, JavaScript, R
- **Web Technologies**: HTML, CSS, Bootstrap, jQuery, React.js, Express.js, Node.js,
- **Databases**: MySQL, Oracle SQL
- **Other tools & Technologies**: Version Control, VS Code, Jupyter Note book
- **Knowledge in**: Object Oriented Programming, Data Structures and Algorithms, Database Management System , Operating System, Command Line Operations in Linux and Windows

## Experience:

**Software Developer**

- Developed and maintained real-time applications using Java and Spring Boot, ensuring high performance and reliability.
- Collaborated with cross-functional teams to gather requirements and design scalable solutions for complex problems.
- Implemented RESTful APIs to facilitate communication between different components of the system.
- Utilized continuous integration and continuous deployment (CI/CD) pipelines to automate testing and deployment processes, reducing release cycles by 30%.
- Integrated third-party APIs to extend the functionality of existing applications and improve user experience.
- Conducted code reviews and provided constructive feedback to team members to maintain code quality and consistency.

## PROJECTS

**Real-Time Chat Application**

- Developed a real-time chat application using WebSocket technology, allowing users to communicate instantly.
- Implemented features such as user authentication, message encryption, and message history retrieval to enhance security and usability.
- Optimized the application for scalability, supporting thousands of concurrent users without sacrificing performance.

**E-commerce Platform**

- Designed and developed an e-commerce platform using Django and React, enabling users to browse products, place orders, and make payments in real-time.
- Implemented features such as product recommendation based on user preferences and order tracking to improve the overall shopping experience.
- Integrated payment gateways such as Stripe and PayPal to facilitate secure online transactions.

## EDUCATION (2021-2025)

B.E, Computer Science and Engineering, CGPA-9.01/10

Chaitanya Bharathi Institute of Technology, Hyderabad, India
